

LiteWare

RGB Battery Uplighter

with Wireless DMX

A.C.T Lighting and Global Design Solutions are proud to announce the arrival of the LiteWare stand-alone, battery-powered, DMX-controllable RGB light in North America. LiteWare is manufactured by Bristol, UK-based Global Design Solutions and is exclusively distributed in the U.S. and Canada by A.C.T Lighting.

The GDS LiteWare RGB Uplighter provides an excellent solution for today's demanding events. With no cabling required for power or control, simply deploy the fixtures in the desired locations and switch them on. They easily solve problems created by ever-greater restrictions on load-in and setup time, limited power sources, and requirements for neat installations.
